NEED OF DATA SCIENCE

Dear friends! the rapid growth of data in recent years has created huge demand for engineers who have analytical skills and can derive valuable insights from large data set. The future of data scientists looks very promising, as it is expected to play a important role in fields such as medical, finance, marketing, and in almost all sectors. With the sudden rise of artificial intelligence and machine learning, data science will continue to lead innovations, and help companies to make data-driven decisions and develop new products and services. As a result, the demand for data scientists is likely to remain high, making it an attractive, high salary career choice for engineers from all branches.

Data Science Is One Of The Most In-demand Skills.

-Linkedin's March 2023 Report

A massive 76% percent of businesses have plans to increase their spend over the next two years on increasing their data analytic capabilities. Almost all industries can benefit from data science and analytics.

-Deloitte Access Economics Report

Increasing demand for data scientists and analysts, ranking data analysis and AI-related roles among the top emerging professions.

-The Future Of Jobs Report By The World Economic Forum (WEF)

Increasing demand for AI and data science skills, with a focus on industry applications and job market trends.

- AI Index Report By Stanford University

So, friends are you ready to be a data scientist? Insights IQ is excited to present our live online capstone course, Data Science. The course offers extensive training on the most in-demand Data Science, Machine Learning and Prompt Engineering skills with hands-on exposure to key tools and technologies including Python, SQL, Power BI, and algorithms of Machine Learning, ChatGPT4.0 ,designed to empower students from all engineering branches. Whether you're in your second, third, or final year, this course is made for you, with no prerequisites required.

Over the course of 4 months, including an exciting one-month internship opportunity, we will equip you with the skills and knowledge to become expert. Our esteemed faculty, all postgraduates from the prestigious IIT Bombay, bring their deep subject expertise and real-life hands-on experience to the virtual classroom.

Join us and be part of a revolution that can turn your dreams into reality. Unlock your potential, gain practical insights, and start a journey that will shape your future. Don't miss out on this incredible opportunity to make a lasting impact.

Start Early, Beat The Crowd!

SYLLABUS

YES ALL THESE MODULES IN JUST 1 COURSE

SALIENT FEATURES

- ▶ 4 Months Course – 3 Months Daily 1 hour Live Training + One Month Internship Opportunity
- ▶ Student From Every Branch And Any Academic Year Can Join The Course
- ▶ Get Certified As Data Scientists
- ▶ Get One Month Internship Certificate
- ▶ All Teachers Are Pass Out From IIT Bombay
- ▶ 3 Major Projects & 5 Minor Projects
- ▶ Get One To One Project Mentorship From Our Teachers
- ▶ Surprised Quizzes With Cash Rewards
- ▶ No Prerequisite Required – Learn From Scratch
- ▶ One To One Mock Interviews For Your Practice And Perfection

SPECIAL PLACEMENT PREPARATION SESSIONS

Session 01 – How to make impressive resume

Session 02 – How to crack interview-tips & tricks

OUR SUBJECT EXPERTS

RUSHIKESH PATIL

M.Tech IIT Bombay
Data Scientist at the Arena Group-USA
Oracle Database SQL Certified
Databricks Data Engineer Certified

KULDEEP KUMAR

M.Tech IIT Bombay
Data Scientist at the Arena Group-USA
Oracle Database SQL Certified
DBT Certified

Md. AQUIB

M.Tech IIT Bombay
Business Analyst (Manager)
Kotak Mahindra Bank
Subject Matter Expert– ChatGPT 4.0

KRITIKA DWIVEDI

M.Tech IIT Bombay
GIS Research Fellow
Sr. Research Consultant
Min. Of Women & Child Development Govt. Of India

JAYANT POPLI

M.Tech IIT Bombay
UNICEF Research Fellow
Sr. Research Consultant
Min. Of Women & Child Development Govt. Of India
